

1 FRANCHISE, 3 INCOME STREAMS!

Full or Part time to suit your lifestyle

1

Get Slush'd hires party equipment on a nightly basis to both residential and business clients. Our current product lines for hire include party and fairground favourites such as Cocktail Slushie machines for both adults and kids, Karaoke Jukeboxes, plus Fairy Floss, Popcorn and SnoCone machines along with popular items like Spit roasts and table top Arcade machines with 60 old time 80's classic games. As more franchisees come on board we will expand our range on offer to include hire equipment such as Photo Booths, Fondue machines and so much more.

2

Mr. Slushee is 100% B2B, targeting shops, cafes, bakeries, grocery outlets, corner stores, youth centres and more. Our Mr. Slushee machines can either be leased by the business (funded by our partner rent/try/buy company) or you can supply your own Free on Loan (FOL). When a client chooses to lease, YOU make a fantastic income supplying our premium premixes with a monthly maintenance fee. Alternatively, if they choose a FOL machine for their premises you make even more by way of an increased price for our premium premix and an added asset base which will increase the value of your franchise. When leasing, clients only need to keep the machine for 12 months, after that time they can return the machine with no more to pay, purchase the machine at a reduced rate, or continue on the same low rate weekly rental. Or you may choose to take over the lease and add to your hire inventory or place it in another store. Our marketing strategy will aid you in growing your franchise and this could become your most lucrative income stream over time.

3

Pop-A-Longs gives you the opportunities to approach markets, fetes, school or sporting events to sell Slushies, SnoCones, Popcorn, Candy Floss under our Branded Canopy and with ALL sales being cash. As we grow we will add NEW concession equipment to fit into this CASH market business. You can also service corporate events where they want that showground feel or novelty and charge for your time as well as equipment hire and product sales.

You will earn a great income for very few hours depending on the effort you want to put in or hours per week you want to work...That's the BEAUTY of a lifestyle business and that is what Get Slush'd is offering all whilst helping people have FUN! What a great business opportunity!
